

**NEW**

SPN M

Multiple large grommets for cables
without connectors

FEATURES

- Large grommets for cables from 11,5 to 31 mm diameter
- Suitable for DES LC24, LC16, LC10 and LCQ frames only
- Grey and black colours available
- UL94-V0 for both colours
- IP54

The SPN M grommets allow multiple non-terminated cables to be routed through the DES LC24, LC16, LC10 and LCQ frames, saving a significant amount of space compared to conventional cable glands. After slightly perforating the front membrane, the cable is pushed through the opening, where the second membrane ensures perfect mechanical retention and liquid tightness.

Material: TPE, halogen-free, silicone-free

Flammability: self-extinguishing acc. to UL94-V0 (grey or black)

Temperature: -40°C... +110°C (static)

Material successfully tested for UV and water exposure resistance according to UL 746C related procedures, suitable for outdoor applications.
